Hello Dr. Issa,
Hope you are well.

I submitted my final project milestone yesterday it was delayed by 2 days and I see the grades were not yet updated. It still shows 0/240, I believe my submission has not been seen yet.

Just wanted to give a heads up and was wondering if you can grade them.

I am a bit stressed due to the difficult times I am going through, as well as due to the fact that the next session starts from Monday. I would appreciate your kind support .

Yours sincerely,
Tripti
